EXPERIENCE

Nov 2024
Present

Software Engineer II

Guild Education / Denver, CO

- Built and launched a student enrollment application from the ground up using `React`, `TypeScript`, and `Apollo GraphQL`, integrating backend services and analytics for **1,600+ members across 14 university partners**, with a 20% full-checklist completion rate.
- Built observability and alerting pipelines in `Datadog` and Slack, cutting payment mismatch detection time by **80%**.
- Replaced manual payment and tax-reporting processes with automated workflows on `TypeScript`, `PostgreSQL`, `AWS EventBridge`, and scheduled jobs, improving reporting reliability.

Mar 2022
Nov 2024

Software Engineer I

Koch Ag & Energy Solutions, LLC / Wichita, KS

- Developed backend services for LoadView, a logistics tracking platform, using `AWS API Gateway`, `Lambda`, `DynamoDB`, and `EventBridge` to process truck telemetry and support real-time shipment visibility.
- Built event-driven shipment workflows with `AWS EventBridge` and `Lambda`, decoupling asynchronous business-event processing from API requests and enabling automated delivery status updates.

May 2021
Mar 2022

Associate Software Developer

OnPoint / KES / Wichita, KS

- Developed full-stack product features in `React`, `TypeScript`, `Python`, and `DynamoDB` for internal industrial applications.
- Resolved frontend and workflow defects and expanded automated test coverage with `Jest`, improving application reliability and maintainability.

PROJECTS

thetaletribe.com

TheTaleTribe

AI-powered collaborative story writing platform

- `React` frontend, `Go` REST API on `PostgreSQL`, and four microservices metering LLM tokens through `Redis`, deployed to `GCP Cloud Run` with `Docker` and `Terraform`.
- Engineered a **RAG pipeline** on PostgreSQL/`pgvector`.
- Shipped a remote **MCP server** exposing 11 tools to Claude and other AI agents, secured with embedded `OAuth 2.1` and rate limiting.

EDUCATION

May 2024 — **University of Colorado Boulder** / M.S. Computer Science / GPA 3.6

May 2021 — **Missouri State University** / B.S. Computer Science / GPA 3.7
